Join us online for a Species Rich Grassland Creation event Tuesday 24 March 2026, 9.30am-11.30am

Farmers and land managers are invited to attend a free online session focused on the creation and management of species rich grassland. This event will provide practical guidance, outline key considerations for successful establishment, and highlight the benefits for biodiversity and long term land stewardship.

The session will be delivered by specialists from The National Trust, Buglife, and FWAG. Whether you're exploring new stewardship options or looking to enhance the ecological value of your farm, this online event will give you the knowledge and confidence to get started.

All are welcome to join this informative, free and professionally led online event. To register for the event, please scan the QR code or follow this link: bit.ly/3P0xC2Y
